[Lawyers Go Global] Explore Australia's Legal Landscape and Business Opportunities

Dear Member,

Are you interested to connect with fellow lawyers in Australia and familiarise yourself with the legal landscape, legal tech sphere, and business opportunities the country offers?

As part of the Lawyers Go Global initiative, we are excited to share that the Law Society will be organising a virtual mission to Australia ('Mission') from **23 to 25 February 2022**. The Mission will follow an exciting and enriching 3-day itinerary with visits to Bar Associations, law firms, tech related, dispute resolution centres as well as business associations. During the Mission, you will have the opportunity to network with fellow Australian lawyers, exchange views with one another and pick up new knowledge along the way.

Please note that subject to confirmation, the Mission cost is estimated to be S\$200. You should also ensure that you are able to attend all 3 days of the Mission.

Members of SmartLaw Guild enjoy a discount off the confirmed rate, and sign-up priority.

If you are interested to participate in this Mission with us, please express your interest via <https://forms.gle/sy3mxegDmXHSzEcQ9>. Please note that the deadline to express your interest is **26 January 2022**. More information on the Mission will be sent to you once the details are available.

For enquiries, please email international@lawsoc.org.sg.

Please do not reply to this email as we will not be able to receive your replies.

3/10/22, 6:22 PM
